

Dear Las Lomas Families,

I enjoyed chatting with parents at last week's *Evening with the Principal*. We discussed a variety of topics including kindergarten registration, kindergarten programs, our session request process, focus areas for the school year and parent/teacher conferences. I am always interested in hearing your questions and perspectives. The next *Morning with the Principal* will be in February as part of a PTA General Meeting. I hope to see you then!

Over the course of the year I want to share information with you about some of the programs you may not be familiar with. Last week I wrote about our Artist-in-Residence program. The following article is about one of our support programs for **English Learners**. We are very fortunate to have this class available for students who are limited-English proficient. Please do not hesitate to contact Mrs. Leong if you have questions. There is also a lot of information on the district's webpage under English Learners.

Remember, this week we have minimum days with a lot of congestion at the flagpole area. Please do not park on the south side of Camino al Lago! Parking there is prohibited. Cars block traffic and it is very dangerous for you to cross your child outside of our crosswalks. Traffic patrols from the Sheriff's office will be around to help with traffic flow. Don't get caught parking illegally! If everyone is patient and careful, we will get the children home safely.

Until next time,

Sue Sartor
