

May Homework

Language Arts

1. Learn a new poem
2. Recite 3 Nursery Rhymes
3. Make a May basket, add flowers and write a card; leave it at a neighbor's front door
4. Discuss the characters, setting, problem and solution of your Overnight Book
5. Write a letter to a grandmother or friend and mail it
6. Read all of your Keep Books to someone
7. Select 4 big words from your Overnight Book and count the syllables; try to write one word, syllable by syllable
8. Help your Mother or Father make a grocery list and find the items in the store

Math

9. Write the dates on your May Calendar
10. Use your hand span (opened from thumb to little finger)to measure; Predict how many spans will be the length of your bed, the width of the dining room table; measure and see how close your prediction was to the actual length
11. Have someone use a yard stick or tape measure to measure your height; look at how many inches are on the measuring stick
12. Mark how tall you are on the floor with pieces of tape and predict how many of your shoes with fit between the two pieces of tape; were you correct
13. Collect some rocks; arrange them from largest to smallest then sort them by shape
14. Make a clock with a big and little hand; write the numbers and show someone the time you get up, go to school, and go to bed
15. Practice writing the names of 3 TV shows and the times that they come on
16. Count the apples and oranges in your kitchen; now write the equation and add them up
17. Help set the table for a family dinner; how many forks, knives, spoons are out; add them up and see how many utensils were used
18. Predict who weighs the most to the least in your family; now get out a scale and weigh everyone; did you use pounds?

Other

19. Take a neighborhood walk and look at the flowers; now tear some different paper and try to make some flowers
20. Try to balance a book on your head and walk around your house; how far can you get
21. Make a list of 10 different foods in your refrigerator and then sort them out as to which one come from plants and which ones come from animals
22. Have a paper race; tear three different pieces of paper and blow them one by one across your table. Which piece needs the least number of blows to cross the table and why?
